### MSBL WS Tournament Games Back On Track After 3 Days Of Rain

Office Phone Lines Back Up And Working Again! - (602) 438-0242

By Tom Prendergast

An article in the Arizona Republic yesterday blamed the extreme recent weather that the greater metropolitan Phoenix area has been experiencing on the "El Nino" effect. Typically the weather this time of year in the Valley of the Sun, is well, sunny and filled with warm days and cooler nights. However the kind of nightmarish rain storms that we've seen the last couple of days have really played havoc with the schedule. Many teams have had back to back, double headers. The good news is that all the games are getting played and that pretty much trumps everything else. Guys come to Arizona to play competitive baseball and look forward to this week the entire year. So no other options exist when it comes to getting all the games played. With no curfew and dry fields at the Tempe Diablo Complex we were able to get almost all of our games played. And all of the office phone lines are now working.
