40+ / 70+ Championship Games Today - 25+ Division Playoffs Get Underway

Playoff Seeding Procedure For Teams In Divisions That Don't Play the Same Number Games
By Tom Prendergast

The WS office makes every attempt to reschedule games that get rained out during the week. We lost 24 games to rain the last couple of days and we were able to reschedule 23 of those games. Needless to say this affects our standings and playoff seedings. So when teams in the same division play a different number of pool play games, instead of points we use the teams winning % to determine the final standings. Over the last 39 years we've had to do this on many occasions. Fortunately we've been very fortunate over the years and 99% of our games get played. Playing three games in a day isn't for the meek, but it's better than not playing at all. The WS office staff appreciates your patience and understanding when this happens.

New MSBL World Series Rule for 65+ Cactus & Desert Divisions	
--	--

In an attempt to level the playing field and keep our games competitive, the National Office announced this rule change this summer. "For any hit that is fielded in the Outfield Positions, the batter/runner cannot be thrown out at first base. The outfielders can throw out runners that are going to second or third. Outfielders must be on the outfield grass to begin each play."
